

EMBK Relay Tag (Classic)

Wait

B **C** Waiting Area

Skier A skis the first lap, B skis the second lap. For 3-person teams, the B and C skiers both do the second lap – the place of the first of the B or C skiers is what counts for the full team.

- This schematic includes a C skier. Most teams are 2-person, for which there is no C skier.

B and C skiers wait in the waiting area while the A skier is on the course.

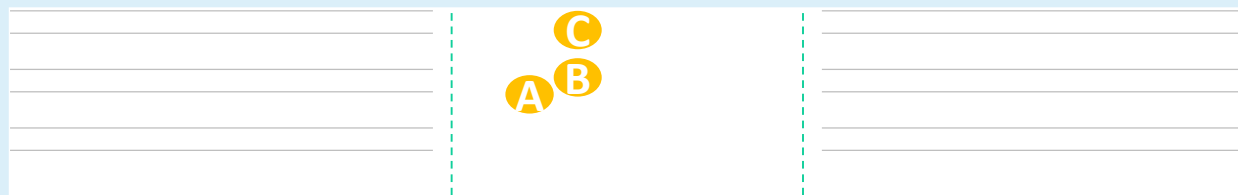

Ready

When A comes into sight, the adults managing the waiting area send the B/C skiers into the tag zone.

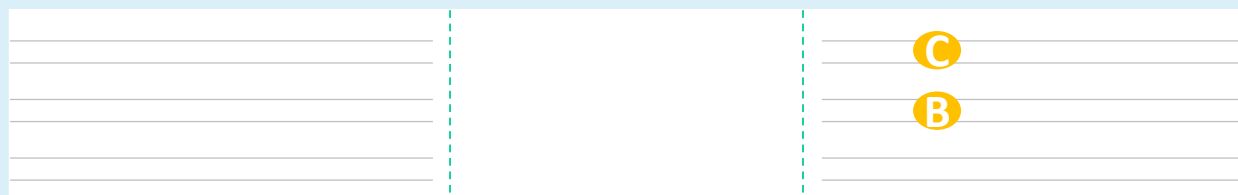

- If you see your A skier but the adults don't, let them know!

Tag

- B/C start skiing SLOWLY when A gets CLOSE
- A tags B, hand-to-body
 - OK: hand to back/ shoulder/hip
 - Not OK: hand-to-hand/arm.

Race!

A exits tag zones, B/C are on the course.
